Product description of Tcx Outlet RT-Race Pro Air racing boots

Description summary

Dominate the track with TCX RT-Race Pro Air boots. Engineered for racers, these boots offer superior protection, performance, and breathability. Featuring a breathable microfiber upper for optimal airflow, the innovative Double Flex Control System ensures exceptional flexibility and precise control. Reinforced heel and toe areas, along with replaceable magnesium sliders, provide robust impact protection. The internal polyurethane shin plate adds further safety, while the Air Tech lining and OrthoLite® footbed guarantee lasting comfort and moisture-wicking. With a zip and Velcro closure, high-grip sole, and race-ready reinforcements, these boots are your ultimate partner for demanding rides
