Gannon Trott

President

Bermuda Motocross Association

Southside Raceway, St. Davids

March 31, 2026

To Whom It May Concern,

On behalf of the Bermuda Motocross Association (BMA), I am pleased to endorse Jazuri Easton-Thompson, age 18, for the Elite Athlete Sponsorship (EAS) Program. I have had the privilege of seeing Jazuri progress in motocross racing over the past eight years and have been consistently impressed by his determination and riding ability on the track and his positive attitude and willingness to assist and mentor others off the track.

Jazuri has been a member of the BMA since the age of 6 years old and has won first place for each of his riding seasons in our 50cc, 65cc, 85cc and Novice classes. For our athletes to pursue a professional career in motocross they must train and compete overseas as Bermuda does not have the infrastructure to equip them for a professional level and to be recognized by potential teams and sponsors. One must be matured both physically and mentally as going from competing with a maximum of 15 riders on the line in Bermuda to a maximum of 42 riders on the line overseas can be intimidating to some, but Jazuri has adjusted well.

In his overseas competitions to date in the US and Canada he has secured numerous top 10 finishes in his respective classes. During 2024 he is to be commended for placing 3rd in the 250c limited class at two major national races in the US at Spring a Ding Ding in Alvord, TX (March 2024) and at the Thor Winter Olympics for Motocross (Mini O's) in Alachua, FL (November 2024). Mechanical issues prevented him from securing a 3rd place podium position at the Walton Trans Can in Walton, Ontario (August 2024) but his riding ability impressed those watching. In 2025 at Walton he placed 5th in 250 Intermediate (B) class and was recognized by OGs gear for a small sponsorship. Jazuri was also featured by Moto Playground in their magazine as one of the top 100 amateur athletes to watch which was published in December 2024.

I am confident that Jazuri has what it takes to excel as he pursues his motocross career, and we are excited to see what he does in the future. He possesses the qualities and skills necessary for a well-rounded athlete to make a meaningful contribution to the sport of motocross racing and the success of the BMA and its future riders.

Please feel free to contact me should you require any further information or have any questions regarding my endorsement.

Sincerely,

Gannon Trott
